### **State of Wisconsin Hosts Annual Cyber Security Summit**

As part of October's Cyber Security Awareness Month, Wisconsin will host the 2nd Annual Cyber Security Summit on October 8, 2014 at Marquette University in Milwaukee. The Summit is designed for businesses and government agencies to come together to discuss how to improve cyber security.

The Summit will once again bring together national and international cyber security experts to discuss how the threat of cyber attacks can be reduced by implementing cyber hygiene practices by government agencies and businesses. Some of the topics include:

- ***Your Annual Cyber Physical: 5 Steps to Cyber Health*** – William Pelgrin, President and CEO of the Center for Internet Security will provide tips for government, businesses and industry to reduce cyber security threats.
- ***Cyber Security as a Business Opportunity – The Israeli Case*** - Rami Efrati, Former Head of the Civilian Division of Israel's National Cyber, will discuss the need to work together as partners across the globe to fight cyber threats.
- ***Do We Know What We Don't Know?*** - Marcus Sachs, Verizon Vice President for National Security Policy will discuss lessons learned from a major data breach.
- ***Surprising Cyber Lessons from Michigan Government*** – Dan Lohrmann, Chief Security Officer & Chief Strategist Security Mentor, Inc. led Michigan government's cybersecurity and technology and will share how the state of Michigan has been working with private partners to face the cyber threat.

Wisconsin's Cyber Security Summit will be held October 8 at the Marquette University Ball Room, 1442 West Wisconsin Avenue in Milwaukee. For more information or to register for the Summit, please visit the 2014 Wisconsin Cyber Security Summit section at:
